When a municipality joins the Comp Alliance, it gets the tools needed to keep its employees safe and successfully manage its workers' compensation costs. Our in-house professional risk managers are organized by region so that a loss control representative is always close by to assist our members. We encourage our members to assume leadership by promoting safety in the workplace. We provide educational training programs to help our members reduce the number of workplace injuries.

The Comp Alliance shows appreciation for our members who contribute to our continued success. We offer multiple award programs such as our Loyalty Award that distributes a portion of our surplus to our devoted members. Our Safe Workplace Award is allocated to members who take a proactive approach to maintaining safe workplaces and preventing injuries.
